EDITOR' TALK

In the digital era, technology and innovation play a critical role in people's living and behavior. When the world goes by, human society, environment or even business are dominated by modern media to higher level. No matter the size of your enterprise, technology can make more advantages depending on management. Being business leader in the digital era is to create strength in marketing and explore close-up technology.

As we are Brandex Directory, a marketing consultant who provides complete media solutions for all types of industry, we have known well that business achievement is to learn marketing strategies in order to make business flow. In Thailand as well as Indochina, entrepreneurs, manufacturers, distributors and service providers in industrial markets are more awakened because of digital marketing. This is the reason why we have started AEC GATEWAY, a unique marketing channel with local languages of

CLMV countries (Cambodia, Laos, Myanmar and Vietnam), provides different types of media through magazine, website, marketplace, exhibition and application.

Over 18 years, Brandex Directory and experienced team keep on getting better in customer services, marketing and technology trend in the age of Thailand 4.0. We create smart marketing channels for industrial entrepreneurs who plan to expand business into new markets, make a commercial connection between vendors and buyers through marketing activities such as international exhibitions, road shows, seminars, business matching, etc. We are willing to apply our cumulative experience in the advertising media field to develop customer services to the highest satisfaction and move Thai industrial products and services forward to sustainable achievement in AEC markets.

MODERN CEOs

WITH SMART VISION AND GOAL SUSTAIN ORGANIZATIONAL GROWTH

In 2020, the era of change, entrepreneurs in various companies or even investors like large enterprises are awakened with upcoming results and challenges. Firstly, enterprise leaders have to plan carefully for coping with this transformation under pressure from economic factors. Actually, the world of business is driven by customers' needs. To understand what customer needs is one of significant marketing plan you should not ignore. Next is to adjust enterprise and catch up with modern marketing trend. Finally, to provide the best solutions beyond customer expectation is creating strength of your enterprise and network as well.

Brandex Directory Company Limited, a marketing consultant, establishes linkages between the CEOs who are well known in industry field both in Thailand and South East Asia together through business matching, exchanging experience, sharing opinion on the global economy, technology, innovation and investment opportunities in various sectors. Therefore, we gather and share the vision, speech, thought from modern leaders in each business sector.

We are proud to present the top 5 CEOs of the year 2020. Those CEOs who are experienced and successful in Thailand will inspire you, create opportunities and move forward to CLMV market.

Mr. Komsan Tangchaisit, CEO of Three Class (Thailand) Company Limited, has been operating in shoe business. His company produces and sells shoes, sneakers, student shoes, fashion shoes for export. His marketing plan is currently to expand business to AEC markets.

Mr. Michael Lee, CEO of Connols Group, has been in business for over 10 years. His enterprise offers one stop service in various types of businesses and specializes in engineering and construction. Currently, he is researching and looking for new market for further expanding business.

Mr. Palachai Meesook, CEO of Boonyium and Associates Limited, is the top leader in boiler industry and energy technology for environment. His company provides services of installation and maintenance with over 50 years' experience and understand customers' needs so well.

Mrs. Prisana Anantnakin, CEO of Abpon Company Limited, is ranked on Thailand's top CEO in fastener industry. Her company provides a wide range of screw, bolt, nut and etc. to meet customers' needs and the highest satisfaction.

Mr. Dale Lamp, Marketing and Manufacturing Director of Dunlop Adhesives (Thailand) Company Limited - a manufacturing provider of high-performance, durable adhesives focusing on quality, now is planning to export products to CLMV Countries (Cambodia, Laos, Myanmar and Vietnam).

AEC Gateway is a central hub of fascinating stories based on Thailand's leading CEOs in various industrial fields. Whenever you need Thai products, those CEOs absolutely will not miss out on the opportunity to keep in touch you.
