Packaging film series

Enter Clear Film types and characteristics

– ECPA

Film is opaque. Has the ability to prevent fogging.
The opening is easy and convenient.

– ECPAH

This film is transparent. Prevent fogging and they can be opened by hand, it is convenient for packaging a large amount of food.

Normal Film types and characteristics

Independent food packaging. Convenient opened

– ECPN

The film is opaque and is convenient to be released

– ECPNH

Is convenient for large amounts of food packaging
film is transparent and can not be opened by hand
